

A Taste of Maryland History: A Guide to Historic Eateries and Their Recipes (Taste of History)

Continuing their popular Taste of History series, Nunley and Elliott feature over 75 restaurants in this combination travel guide/cookbook. The book highlights restaurants located in buildings of historic interest, many of which are more than 100 years old. Old train stations; historic hotels, homes, and vacation retreats; as well as sites along the National Road are examples of some of the locales that are featured. In addition to historical background and anecdotal information, there are two or three recipes chosen by the restaurants chef given for each entry. The books recipe selection is evidence that theres so much more than crab in Maryland.
