

Tech Research Phrase Book

The Tech Research Phrase Book helps focus many of the technology elements toward writing research focused essays, proposals and reports. A simple technology phrase can be easily transformed and developed into longer sentences and paragraphs to describe a research based concept. In this book, technology phrases can be used to develop a focus or objectives for a research study or grant. As well, the technology phrases can be helpful in developing the investigation, assessment and evaluation components of a paper or proposal. These technology phrases can be used to describe results and establish recommendations for a project. Technological change phrases are included in the book as an ongoing feature of the changing nature of technology and how it impacts research and writing projects. The Tech Research Phrase Book definitely provides a beginning place to develop technology phrases into effective research report writing.
