

## Red Handed (Teen Alien Huntress)

Shes been chosen to fight the elusive enemy among us.... Phoenix Germaine has been trying to earn back her mothers trust after going into rehab and kicking Onadyn -- the drug of choice for New Chicago teens. But when a party in the woods turns into an all-out battle with the most ferocious aliens Phoenix has never seen, shes brought home in what appears to be an Onadyn-induced state. Hello, reform school. Except, what her mother doesnt know is that Phoenix has just been recruited to join the elite Alien Investigation and Removal agency, where shell learn to fight dirty, track hard, and destroy the enemy. Her professional training will be rigorous and dangerous, and the fact that one of her instructors is Ryan Stone -- the drop-dead gorgeous, nineteen-year-old agent she met in the woods that night -- doesnt make things any easier. Especially when dating him is totally against the rules.... Wildly imaginative, action-packed, and thrilling, Red Handed launches Gena Showalters stunning new alien huntress series.
