

Sins of a Highland Devil (Grand Central Publishing Historical Romance)

The first book in the Highland Warriors trilogy, in which three heroes make a pact to insure that a rival clan does not take over their Glen of Many Legends. At the same time, three women plot to marry these heroes to insure peace. In SINS OF A HIGHLAND DEVIL, James Cameron is concerned when the Kings decree states all three neighboring clans must have a battle to the death in order to lay official claim to the scared Glen of Many Legends. James attempts to make a pact with the heads of the other clans to fight this decree. But he ends up fighting his own fierce desire when coming head-to-head with Lady Catriona of the opposing MacDonald clan, who has her own plan for peace.
