

## The Aegean Sea After the Cold War: Security and Law of the Sea Issues (International Political Economy Series)

The book contains contributions of scholars from Canada, Greece, Israel, Italy, and the United States. Section 1 consists of studies on historical and security issues, with contributions on the historical background of Greco-Turkish relations, British perspectives on these relations after World War II, the role of NATO, Greece's defense strategy, and the balance of power between Greece and Turkey. Section 2 addresses law of the sea and governance issues, and includes studies on Greece and the law of the sea, maritime boundaries in the Mediterranean, the Imia Rocks crisis, human security and governance, fisheries management, water resources management, joint development zones, and dispute settlement in the law of the sea.
