

The Billionaire and the Cleaner

Billionaire Kent Anderson is used to getting what he wants. Every woman he knows falls at his feet. When the full-figured cleaner working on his floor catches his eye, Kent figures it will only be a matter of time before she's underneath him, in his bed. Lana Hawkins has dealt with a troubled past and is moving on. She's sworn off men after her last boyfriend broke her heart. When Kent Anderson starts paying her attention she does the only thing she can think of: she becomes his friend. But the attraction and passion between them starts to build until Kent finally takes the next step. But what can he do to convince Lana she's in love with her? Her past is always in the way, and she refuses to open up. Can Lana finally give her heart to the man she loves or will her past finally take the one person she loves away?
