

Training the Governess (Victorian medical erotica)

We should try at least three types of punishment before the night is out, so you can continue her training in my absence. After a humiliating examination of my body by Dr. Grindlay, I had secured a position as a governess in the Bland household, and now it was time for my training by the doctor for the additional role I would have--mistress to Mr. Bland. Despite my fear of what Dr. Grindlay and Mr. Bland had in store for me, I was excited and intrigued to find out what shameful humiliation I would surely have to endure in their hands. But no matter how curious I was, I could never have foretold the depravity I would have to experience that no lady from a respectable family ever should...or worse, how much I would like it. A sizzling hot short story of 7000 words.
