

The Caravan Route between Egypt and Syria

Excerpt from The Caravan Route Between Egypt and Syria: Translated From the GermanThe present work is by His Imperial Highness the Archduke Ludwig Salvator of Austria, by whom also the accompanying sketches were drawn.By his numerous travels and scientific labours, the name of this Prince has become well known and highly appreciated among the geographers of all nations; and only a short time ago His Imperial Highness was elected an honorary member of the Royal Geographical Society, of whom there are but eight others, in a total list of some 3500 Fellows.His works of travel - comprising parts of America, Africa, and the Mediterranean coasts - have also attracted so much attention, that their translation into the English language seemed to be justified.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books.
