

The College Writer: A Guide to Thinking, Writing, and Researching

Combining streamlined basic writing instruction with outstanding accessibility, THE COLLEGE WRITER is a fully updated 4-in-1 text--with a Rhetoric, a Reader, a Researcher, and a Handbook--for students at any skill level. The clear visual at-a-glance format helps students grasp larger concepts by linking them to pertinent examples. Throughout the text, numerous student and professional writing samples highlight important features of academic and career writing--from using the appropriate voice to how to incorporate references--and offer models for students own papers.
