

## The Creature from Cleveland Depths

The Creature from the Cleveland Depths is a modern tale of an inner-directed sorcerer and an outer-directed sorcerers apprentice. Every time Gusterson dropped a new free idea into the fad-ridden mainstream world of underground cities and cozy crowds, it crystallized into something really strange, and things got out of hand. He received the Gandalf award at the World Science Fiction Convention in 1975 and the Grand Master Award at the Science Fiction and Fantasy Writers of America in 1981.
