

The Drowning Season

The matriarch of a Long Island clan with a stubbornly suicidal son and a defiant, restless granddaughter, Esther has hired a Russian landscaper to watch over the family as well as the grounds of their secluded waterfront estate. But he has been watching Esther, too. And his love for her is growing wild enough to uproot them all. The author of *Here on Earth* and *The River King* presents a stunning and hypnotic novel that interweaves past and present with piercing images and unfailing energy (Publishers Weekly).
