

The Essential Dylan Thomas

This varied, well-chosen selection brings onto one audiobook the best of Dylan Thomas. Here is the legendary recording of *Under Milk Wood*, with Richard Burton and Richard Bebb as narrators; but here also are two radio productions he wrote before that great classic, and though interesting in their own right, they show how *Under Milk Wood* grew gradually in his imagination. This collection includes *Under Milk Wood*, *Return Journey to Swansea*, and *And death shall have no dominion* and other poems. It also includes *Memories of Christmas*, *The Peaches*, *The Outing*, *The Followers*, *Do not go gentle into that good night*, and other poems. Thomas was a charismatic if idiosyncratic performer of his own poetry and stories and here is a representative selection.
