

## The Kiss Me Quicks Vol.2

Outland 1313: Betty has been stranded on Outland 1313 and surviving on nothing but meager stolen scraps, defending herself with whatever the landscape offers. She treks through torrential rainstorms and over an unforgiving volcanic landscape to sneak into the vile Blood Hounds encampment for food. But today is different. Betty sees an opportunity to escape. A mining ship, being stripped of its oar and miners is a common occurrence on Outland 1313, but when one miner makes a daring escape, Bettys own chances of survival instantly double. If she can just get him to safety. But there is catch. While the mining ship had been under attack for several days, Travis was unable to take his prescribed inhibitors, and now his libido is coming back with a vengeance. Betty is forced to take the miners problem into her own hands. Voodoo: Lisa is in a rut. She has a dead end job with slightly unorthodox perks, sure. Her co-workers are mildly entertaining on occasion. With two cats to keep her company at home, reallywhat else could she possibly need? When an old Gypsy offers something that Lisa cannot live without, how far will she go to keep it? Is she willing to pay the steep price for her own selfish pleasure? Bloody Mary: They say if you are alone in the dark looking into a mirror and call her name three times, she will come for you During her usual morning routine Kitty looks into her precious hand mirror and once again basks in the attention of the presence gazing upon her. She gets the feeling that her life is about to change, or is all if her mirror-gazing just her imagination playing tricks on her? As an employee at a successful brothel, Kitty is expected to serve, but all she wants is to find that special strong-handed someone who can satisfy her desire to be the devoted submissive shes always wanted to be. A new mysterious hire at the brothel might just be the one, but only if Kitty asks three
