

The Merlin Conspiracy

A bestselling fantasy adventure from Diana Wynne Jones. The companion novel to the novel *Deep Secret*. The story is narrated by two very different teenagers, who each inhabit two extraordinarily different worlds. Arianrhod Hydes world (or Roddy, as she prefers to be called) is very much the world of magic, pageantry and ritual. Not unlike Britain in *King Arthurs Day*, Roddy is daughter of two Court Wizards and therefore part of the Kings Progress, travelling round the Islands of Blest and ready to take part in whatever ritual or ceremony is required, as it occurs. Presiding over all, the most important person is the Merlin, who is entrusted with the magical health of the Isles of Blest. Nick Mallorys world is much more familiar at least, it starts off being our own. But it soon transpires that Nicks not quite the ordinary 15 year old he seems, as he slips sideways into something he thinks is a dream but in fact is another world entirely. Now, Nicks been on other worlds before (although never alone) but hes a confident type. Maybe a bit too confident. In Roddys world, the current Merlin expires and a new one takes his place. Yet something is wrong the rituals have been upset and nothing is going the way it should. Roddy needs help, and certain powers indicate that Nick is to be the one to help her. And Nick is cool about helping her in theory but its a bit worrying that she seems to mistake him for a magic-user. Their stories unfold, side-by-side, each part leading into the next, and the Merlin Conspiracy thickens as the tales swirl around each other twining, meeting and affecting each other, yet never completely combining until the very end chapters when all is finally revealed. Compelling, howlingly funny in places, mind-boggling this is going to WOW DWJ fans all around the world (and probably in other universes too).
