

The Metal Monster

In the wilds of the Trans-Himalayan region, a quartet of adventurers led by Dr. Walter T. Goodwin stumbles upon a tribe of human primitives forgotten since the age of Alexander the Great, and an awesome being of living metal commanded by the exiled Norhala. As Norhalas guests, Goodwin and his team witness the mind-boggling marvels that are the Metal Monsters way of life, and the unspeakable horrors it commits when Norhala takes it to war against her persecutors.
