

The MindBody Audio Program

The MindBody Audio Program is a set of three CDs comprising a complete educational program for mindbody treatment of back pain, Tension Myositis Syndrome, and other disorders. CD One is a recording of a one hour seminar entitled The Mind: The Missing Link in the Back and Neck Pain Puzzle. This seminar has been attended by hundreds of individuals at Dr. Schechter's Beverly Hills office. CD Two is entitled TMS: Diagnosis and Treatment. This CD will teach you about how a diagnosis of TMS is made and what a treatment program consists of. CD Three is entitled The Psychology of Tension Myositis Syndrome. It's a dialogue between Dr. Schechter and Donald Dubin, MFCC, a psycho-therapist who has treated hundreds of individuals with a diagnosis of TMS since 1996. In total, the educational program, on CDs, will teach you about this remarkable mindbody approach to back pain, and other disorders.
