

The Natives and Ear Candling: The significance-revealed by the Natives!

Ear Candling is a process that goes back as far as biblical times, when hollow reeds from swamp regions were used as candles. It has been passed down for numerous generations by the North and South American natives, in addition to the Egyptian, African, Oriental and European cultures. The process had been essentially lost for many years, but has come back into practice once again and is now being utilized by a wide collection of individuals. Learn more here
