

The Small Business Millionaire

This riveting story about heartbreak and prosperity holds plenty of drama and suspense. Frank Mills and his daughter Jennifer are deeply in debt and struggling to make ends meet when a robbery occurs at their little restaurant in the sleepy town of Royal Oak, Michigan. Fortunately a bright young millionaire named Jonathan Berkley is available to advise them. Jonathan shows them time and again that he is a powerful coach who knows how to empower people in business and give them the faith and strength they need to make it on their own. Frank and Jennifer's restaurant goes from being the cause of suicidal depression to a surprising success, using some of the same secrets revealed in Chandler and Beckford's bestselling non-fiction book: *9 Lies That Are Holding Your Business Back*. Chandler and Beckford draw on their experience in business consulting and the arts to craft an entertaining, enlightening, and informative business-related novel. Readers will gain insights and discover simple truths about how to be successful in business, and in all areas of life.
