

The Stairway to Heaven: Book II of the Earth Chronicles (The Earth Chronicles)

Since earliest times, human beings have pondered the incomprehensible questions of the universe, life ... and the afterlife. Where did mortal man go to join the immortal Gods? Was the immense and complex structure at Giza an Egyptian Pharaohs portal to immortality? Or a pulsating beacon built by extraterrestrials for landing on Earth? In this second volume of his trailblazing series The Earth Chronicles, Zecharia Sitchin unveils secrets of the pyramids and hidden clues from ancient times to reveal a grand forgery on which established Egyptology is founded, and takes the reader to the Spaceport and Landing Place of the Anunnaki gods Those Who from Heaven to Earth Came.
