A Steamy Sci-Fi Alien Abduction Paranormal Romance This is a full-length novel with no cliffhangers Due to the circumstances of his life, Kitto is a criminal. Hes a thief, a liar, and now a kin killer, which is the worst crime that can be committed by his people. As punishment, hes exiled and sent to Earth, stripped of his clan affiliations and told never to show his face again. After his shuttle crashes, hes found in the snow, hurt, half frozen, and confused and taken in by Aidan, a kind hearted young woman with a legendary soft spot for strays and the inability to leave him there to die. Kitto tells her his story, and she thinks hes just delusional or hurt worse than shed assumed until creatures with horns show up and demand that Kitto give back a priceless jewel stolen from another planet. The only problem is that, unlike the other things hes been accused of, he didnt steal this jewel. That and the fact that the creatures kidnap Aidan with no intent to give her back until the jewel is returned. Can Kitto find out who took the jewel to get it back in time to save the woman who saved him and who he has come to care for?
