

Knight of the Burning Blade: The Hounds of Hell

It all started with our mistakes, our curiosity to explore the things man has no business tampering with. They say that this is the end of times and for once the skeptics maybe right. The enemy has moved beyond our borders. The vampires invade from the north, the werewolves to our south; and the endless numbers of the undead armies sweep us from the east. What leads these creatures is said to be once among the few who were exiled from heaven alongside the Devil into Hell, somehow this thing has escaped the tomb of the every lasting flame. We dont know much about them or how to stop them. But I do know if we dont find a way, there will be no America and after that ... no world, not as we know it. Will you help us? Knight of the Burning Blade: The Hounds of Hell is the second installment to the riveting saga that broke ground late fall of 2009. This action packed/ military/ sci-fi, follows four harden soldiers as they try to find their way through a chaotic invasion, which has since claimed the entire East-coast of the United States. Captain Marcus Williams of C.A.D (Counter Assault Division) has gained a powerful teacher since he found himself trapped in the enemys world. Now with his new found abilities and knowledge, he struggles to get back to America. Where his most trusted Lieutenants, Liana Leeper and Brain Cockrum, continue their separate journeys, in their attempts to save humanity. While the tale of F.B.I Agent Nancy Cabouet, gives another perspective to what life was like for those U.S. Forces serving over-seas, trying to get back home.
