

The Wicked West Collection, Volume 1

A collection of four erotic short stories from author Shannon West... **Gettin Plugged:** Charlie thinks he might be gay, but hes not too sure. Hes certainly attracted to his handsome, hot boss Trevor, but he doesnt think Trevor even knows hes alive. After experimenting with a sex toy he bought on the internet, he finds himself stuck in a very embarrassing predicament, and he has a problem he cant ask just anyone for help with. Desperate, he calls in to work to tell his gorgeous boss he wont be in that night, and to his horror, the sexy Trevor shows up at Charlies door demanding to be allowed inside. Now Charlie really has a problem. Does he let Trevor in, thus destroying any chance he might have to get Trevor to notice him, or does he save everyone a lot of trouble and just throw himself out the window? **Gettin Played:** Zack Bridges has a clerical job with a metropolitan police department. After a rash of assaults and rapes in the area, the chief asks his mostly female staff to attend self-defense training. Though Zack tries to weasel out of it, the chief is insistent and Zack has to attend the classes. Taught by hot detective and martial arts expert, Lt. Cole Duncan, Zack takes the class lightly, even joking about it with some of his co-workers. Cole decides to teach him a lesson by sneaking up behind him in a dark hallway late one night. Cole soon learns that Zack is not only unafraid, but wants to role play cops and robbers. When Cole responds, Zack steps up his game, trying another scenario with the gorgeous cop. But Cole soon learns Zack is ready to stop playing and make their love story all too real. **Gettin Picked:** Ben and Cole have long been best friends, but when they get to college, they grow apart. Part of the reason is that Cole is gay, and straight boy Ben cant face up to his own complicated feelings about Cole. They lose touch when Cole joins the Marines, and its not until a year later, at a party, that Ben

learns Cole is about to go overseas. He panics, suddenly feeling he may never see him again, and drinks way too much. Cole volunteers to take him home and they make love, as Ben finally admits to himself and Cole how much he loves him in a very non-platonic way. But over the next few months while Cole is in Afghanistan, Bens fears overwhelm him again. When Cole is wounded, its time for Ben to face his true feelings once and for all, or he may lose Cole forever. Gettin Pierced: Ross has been working for Sloan long enough to know hes attracted to his boss in a big way, but Sloan is so stern, so aloof, and so careful to keep the proper distance between himself and his attractive employee. But when Ross loses a bet to one of his friends and agrees to get a body piercing, he finds out that Sloan is not nearly so calm and distant as he thought. Sloan makes sure he realizes that if he gets his beautiful body pierced for someone else, its an act of extreme submission, and if he submits to anybody, its going to be to Sloan.
