An Esquire Best Book of 2011
A New Yorker Favorite Book of 2011
A Los Angeles Times Favorite Book of 2011
Denis Johnson's *Train Dreams* is an epic in miniature, one of his most evocative and poignant fictions. It is the story of Robert Grainer, a day laborer in the American West at the start of the twentieth century---an ordinary man in extraordinary times. Buffeted by the loss of his family, Grainer struggles to make sense of this strange new world. As his story unfolds, we witness both his shocking personal defeats and the radical changes that transform America in his lifetime. Suffused with the history and landscapes of the American West, this novella by the National Book Award--winning author of *Tree of Smoke* captures the disappearance of a distinctly American way of life.
