

Stallions Pride (Untamed Hearts)

Book four in the Untamed Hearts Series A recently discovered horse talisman and a gypsy horse changeling tribe seem like the perfect match. Is headstrong Brishen ready for the power the talisman brings? Its a stressful time for the familia of gypsy horse changelings. Shandor, King of the Gypsies, has died, leaving the clans at war and his son, Brishen, struggling with his new-found leadership. Brishen also struggles with something more personal - choosing a life mate. Will it be Tawnie, the female his father selected for him? Or handsome Jal, whose masculine features excite Brishen more than anything has before? In cougar territory, a days journey away, clan leader Kai and his mate Aric are dealing with an issue of their own. A new talisman discovered - a brilliant purple stone with the head of a horse in gold filigree. Unaware of any horse changelings, Kai calls a meeting of the talisman holders to discuss what should be done. Tarek, leader of the bears, and Cole, ruler of the wolves, come together with Kai to track down their new changeling brothers. When they find the horses and meet young, headstrong Brishen, its a battle of wills - a battle no one wants to lose.
