

## Ride the Valkyrie (Mythological Erotica)

Olek Eriksson dies as a Viking should, in battle. His prowess gains him the attention of the Valkyries, the Choosers of the Slain who carry mighty warriors to the Halls of Valhalla. With battles each day and feasts every night Olek should be blissfully happy, but hes not. There are no wenches in the Halls of Valhalla, except for the Valkyries who serve there. Not one to be deterred, Olek decides that the Valkyrie who carried him to the Halls would make a fine partner to satisfy his desires. When she tells him, If you can catch me and take what you want, youre welcome to it, he can hardly believe his ears. Oleks strength, endurance, and battle prowess will all be needed to claim the immortal Valkyrie hes chosen. But if he succeeds, hes in for the ride of his afterlife.
