

Victorias War: Shadows

Victorias War Part One Shadows Victoria Bahani, the seventeen year old, privileged daughter of the Rajah of Marpur and an English woman, has always believed she would marry an Englishman and not an Indian. When she meets Captain Henry Hindley-Jones on the train to Delhi she knows he is exactly the kind of man she and her mother had been thinking of. However, things are changing in India and her father no longer approves of the British. Marrying Henry means she must give up her Indian heritage and become an Englishwoman will she live to regret her impulsive decision?
