

Red Angel (Bo Blackman)

With the dust still settling from the brutal attack on the Agathos court and Rogues school, Bo Blackman is forced to live with her new-found status as a celebrity. She's still determined, however, to track down those responsible-and to solve the mystery of Tobias Renfrew, the daemon billionaire who disappeared over fifty years ago. Her investigations will lead her to places as far removed as a military base and the sinister Black Market. One thing is for sure-once Bo's done, nothing will ever be the same again.
