

The Shadow of Camelot

Did the legendary King Arthur really exist? Joe and Jemima Lancelot uncover the truth behind the myth when they find themselves in Camelot, as they continue the quest to find their missing parents. Together with friend Charlie and their endearing cat Max, they are plunged into yet another life-threatening adventure. Luckily they have Lancelot, who is convinced the twins must be distant relatives, to protect them when danger looms. Meanwhile, Max has a mystery of his own to solve. Will he finally discover why Midnight has been haunting his dreams?
