

## Wild Talents

Like Fort's previous works *Wild Talents* deals with a number of anomalous phenomena and Fort's ongoing attack on scientific dogma. Though not as well-known as some of his other works, *Wild Talents* is arguably Fort's best work. Fort's writing style and tongue-in-cheek sense of self-deprecating humor is on full display in this book as a result, this book is generally easier to read than his earlier works.
