

## Witch Grass

Seated in a Paris cafe, a man glimpses another man, a shadowy figure hurrying for the train: Who is he? he wonders, How does he live? And instantly the shadow comes to life, precipitating a series of comic run-ins among a range of disreputable and heartwarming characters living on the sleazy outskirts of the city of lights. *Witch Grass* (previously titled *The Bark Tree*) is a philosophical farce, an epic comedy, a mesmerizing book about the daily grind that is an enchantment itself.
