

No Stress Tech Guide To Xcelsius 2008 (Includes Xcelsius Present 2008)

This book is for everyone that wants to learn Xcelsius (Engage) 2008 or Xcelsius Present 2008. People that are upgrading from a previous version of the software will have a refresher of the basics and then learn about the features and options that are new in this version of Xcelsius. Xcelsius is an exciting software package that is used to enhance presentations that have numerical data. With a little guidance, you will be able to create meaningful dashboards. This book contains exercises in step-by-step format, so that if you have never used Xcelsius before, you can learn how to use the software.
