

The Fire Inside (Lycan Lust)

Werewolves be damned. Tyra Smith chose to leave behind her nature to protect her heart after the wrenching loss of her pack. She wants nothing to do with another wolf. Never again wants to feel the deep pain of loss. At least until a sexy-as-sin wolf named Konrad shows up, saving her from the roaming paws of another. The sparks of lust ignite a desire that burns with hellish intensity, making Tyra crave something shed vowed to forsake. The ability to resist wanes. Is it a true mate bond that pulls her to Konrad or just the heat cycle shes entering? Only time can tell. When a real threat from another pack presents itself, Tyra must move into Konrads den for her physical protection. But as things heat up between them, who will protect her heart?
